Hello,

I am excited to apply for this position and believe that I am able to offer the passionate team member that you are looking for. With graphic design, a responsibility is staying on top of current trends and software (Photoshop, Illustrator, InDesign, and Wix) using both Mac and PC. I have several social media accounts that enable me to follow trends ranging from Pantone's color of the year to following artists on Behance. In my free time, I take on freelance/personal projects in order to remain proficient and current with any software updates. I have basic knowledge of AfterEffects, WordPress, MailChimp, and Dreamweaver. I am dedicated and adaptable and would love to work for your company.

Thank you for your time and consideration. I'm looking forward to learning from you. Feel free to look at my portfolio: gabrielladesigns.com

Sincerely,

Gabriella Maya
